

THE TABC COMPLIANCE EXPERT

Keeping you in compliance!

WITH WE SCAN, THE LAW IS ON YOUR SIDE

The WE SCAN™ program provides you with the tools, service and expertise to manage and maintain your TABC membership requirements and stay in compliance with TABC regulations, while you spend your valuable time running and expanding your private club.

Choosing a private club management solution that best fits your needs is critical. Since 1982, WE SCAN has helped private clubs maintain their memberships and has assisted customers with audits, training, support, ideas and resources. We provide the tools for you to manage your own membership on premise, or our full-service option removes you from the daily responsibilities of keeping track of your membership.

WHY WE SCAN?

- We are the leading provider of TABC membership and compliance solutions
- No membership cards for guests to carry; no applications to fill out
- Integrates and automates key compliance procedures
- We have been TABC approved since 1982
- Minimal paperwork for staff and no mailings every 3-7 days
- Provides TABC required documentation, accurate in real time
- We provide staff training and 24/7 support
- Scalable program can be plug-and-play or integrated with existing POS
- Utilizes the most up-to-date State of Texas driver's license database

APPROVED BY THE TEXAS ALCOHOLIC BEVERAGE COMMISSION

Approved by the Texas Alcoholic Beverage Commission (TABC), the **WE SCAN** program helps **manage** your private club memberships quickly and efficiently, while also **protecting** your business and lowering your liability.

WE SCAN: THE TOTAL PRIVATE CLUB SOLUTION

WE SCAN™ is a comprehensive program developed to manage memberships and protect private clubs, while keeping them in compliance with the TABC.

The WE SCAN Program Includes:

- Software integrated with your in-house POS, or state-of-the-art terminals with plug-and-play feature, for scanning IDs and logging members
- Ability to decode barcodes and/or magnetic strips on identification documents
- Software updates to stay current with new regulations, laws and state jurisdictional formats
- Warning materials, including posters and decals, for your storefront
- Employee training and management support to effectively use the program
- CRM applications, including member mailing labels, letters and visitor reports
- Recognition of banned customers, VIP guests and birthdays
- Ability to utilize member information to make key business decisions
- Letter sent to the TABC on your behalf — informing them of a scanning device on premise and your voluntary act of deterring minors from purchasing age-restricted products

WE SCAN Supports The Following:

- Any magnetic strip and/or 1D/2D barcode
- POS terminals (MICROS, Aloha, Microsoft RMS, Future POS, POSitouch, etc.)
- VeriFone footprints
- Manual driver's license entry

Additional Benefits Include:

- Allows you to comply with Texas Senate Bills 1465 and 1828, protecting business owners against prosecution in the event that a trained employee sells an age-restricted product to a minor
- Age and ID are verified with the simple swipe of a driver's license
- Simplifies your business, saving time and money
- Advanced technology that allows you to use your existing POS or a stand-alone device to service all your scanning needs
- Simple and fast integration/installation
- Posters and decals create public awareness and make a positive statement in your community
- Scalable solutions and adjustable settings
- Identify fake or expired IDs, and verify important customer information
